Thank you for calling the Internal Affairs Bureau of the New York City Police Department. If this is a police emergency, please hang up and dial 911. Please listen to the following for options prior to making a selection.

To make a complaint against a member of the New York City Police Department, please press 1 to be connected to an Internal Affairs Investigator. To make a complaint against an agency other than the New York City Police Department, press 2. To make a quality of life complaint in New York City, press 3. To inquire about existing complaint, press 4. To be connected to the Internal Affairs Investigator, please press 1 to be connected to an Internal Affairs Investigator. Hello? Yes, hi.

I'm checking out an older complaint. Could I get your name and badge number, please, first? This is FBALM from IB Records. I don't have a badge number because I'm a secretary.

Okay. I'm a clerical worker. You can look this up? Yeah.

Okay, I've got... Can you repeat your name? I just want to make sure I have it. L-A-M. Oh, okay.

Lim, right? Yeah, sorry. I-A-B. They were brought over from the CCRB, but the reference number I got was I-A-B reference 2-0-2-3-0-6-8-4-6.

2-0-2-3? Yeah, it's old. It's a 2023 case? Yeah, and they have never responded to it. I got four numbers on that year.

Oh, give me your last name. The name on the complaint is David Patrick... Oh, is this not your complaint? What? Is this your complaint? I put in the complaint with the CCRB, and then they sent it to I-A-B. Yes.

So I don't know... Correct. I don't know how the internal thing works, but the name on the complaint is David Patrick Gartland, not the person I'm complaining about. Is that your name? That's my name, yes.

David... David Patrick... Gartland. G-A-R-T-L-A-N-D. G-A-R... G-A-R-T... L-A-N-D.

Gartland. G-A-R-T-L-A-N-D. Yes.

Hold on. Hold on a second, okay? Yes. Computer's kind of slow.

Okay, I'm willing to wait. I've waited three years. Yeah, your case is closed.

How's it closed? No one gets a hold of me. I put in the complaint under the penalty of perjury.

There's four numbers.

There's three other... Two other numbers. Can you look at those two? It's ridiculous it's closed, because it's factual. The other number, I have 202307340 and 202307398.

And if they closed them, they had to get a con... They were supposed to get a hold of me, right? Yeah, they're supposed to contact you, but... Obviously, they... All right, so do you have a letter showing that they contact me? I'll give you my email address, and you can email me. No, we don't do that. Basically, hold on.

Hold on a second, okay? Okay. Didn't they contact you on January 3rd, 2023? They have never contacted me. I contacted them to find out if they were in use at some point.

If they got them after the CRC said they sent them, I wanted to make sure they were there. And I got the information that they were there. I have the officer's name and everything.

And this is very serious, because this states that there isn't one single officer on the force that has taken a lawful oath of office. And this is very easy to tell. You could just go to your YouTube account and look at NYPD's oath of office, and then go to the Constitution, and you know it's not right.

It's absolutely wrong. And you likely took the same oath, too, as a civilian employee. I do hereby declare is definitely unconstitutional and repugnant to the Constitution.

Yeah, I'm sorry to hear that. Well, I'm telling you the truth. It's easy to look up.

Can I speak to the commander, please, of IAB, who's ever in charge? This is ridiculous. So basically, you know, since, you know, you want to... I'm going to put it in play today. You could make another complaint, since nobody contacted you, right? Why don't you just make another complaint? But nothing... I want to know why nothing's happened.

Can I speak to the commander or whoever's in charge of IAB? I mean, like, I don't know who's the commander of IAB. I don't know who's that. I'm just here in this unit to, you know, tell you the status of your case.

Okay, I'm not trying to give you a hard time. But you can see that this is a pretty big deal. It's the oath of office.

Without the oath of office, you're not a police officer. And I have evidence that not one cop has taken it since 2007 correctly, at least. Because that's what's on the NYPD website on YouTube, their own channel.

That's what's on there. And I've downloaded every single one of those videos to prove it. Do you understand that this is a threat to the Republic? A direct threat.

I'm giving you evidence of treason on the phone. And you can look up those reports. It's all there.

You have a responsibility under misprison and treason under Title 18. You better find out because anyone... I'll read it to you. I'm telling you the truth.

You don't want to get screwed here. You could end up getting hung. This is treasonous code.

And NYPD has kidnapped me four times without a warrant. This is ridiculous. Misprison and treason.

I'll read it to you right now. Whoever owing allegiance to the United States, having knowledge of, commission of any treason against them, conceals and does not, as soon as may be disclosed, make known that the same to the president or to some judge of the United States or to the governor or some judge or justice of a particular state is guilty of misprison of treason and should be fined under the title or imprisoned not more than seven years or both. And doing nothing makes extended treason.

I'm not trying to scare you. I'm telling you the truth. That's the law.

I just read it to you. Hello? I'm listening. I'm listening.

Okay. So you want to write this down. You can look it up yourself.

Title 18, U.S. Code, Section 2382, misprison of treason. And then I got to go into... This is an insurrection. There's a lot of charges here that are going to be filed.

You can believe me on that. I sent this to the FBI and they buried it also. This is part of that 2 million records that Director Cash found that the FBI didn't arrest anybody, that they were concealing.

I sent it to them. Right after I sent it to you guys, I put in a complaint with the FBI also. That looks like a very big conspiracy from my end now that I know that they're buried in the circular file.

It's appalling. So the commander and the chief of internal affairs is Edward A. Thompson. I'd like to speak to him.

Yeah, I'm listening. I'm waiting for you to connect me or tell me what you're going to do. I mean, is there someone at... Someone's at AIB, right? Yeah, but I don't know that person.

Okay, but you can't transfer me. No, I can't. Okay.

So what action are you going to take now? I mean, I'm just trying to... I got to get this thing going forward. This is a threat to the Republic. So basically, you know, I am the person who tells the case.

That's what I do. Okay, but you had to take an oath of office to have your job, right? You did take one of those I hear Dubai declare. Because that's the only oath that NYPD offered.

You better think about that because you're going to be on the wrong side of this. I'm going to call the FBI right now and get this thing moving again. All right.

I don't even know what to tell you. But you can look up the law. You better do something because you're required by the law to do something right now.

I just told you that. You don't do anything that's on you. I'm not threatening.

I'm just telling you right up. That's on you. This is treasonous.

Nobody has an oath of office. I'm a veteran. My friends are buried in Arlington because they were supporting the Constitution.

It's unbelievable. I'm sorry. I'm not mad at you.

But you're required to do something and you're required to report this to the DOI. That's also a law, a New York City law, because I just gave you credible evidence of corruption. If you want, I'll read that to you right now that tells you you have to do that.

Here it is right here. Pursuant to executive order 16, city employees must report allegations of corruption to the DOI. I can't be more clear on that.

I know you guys are recording this call and I'm recording the call also. We're clear on that, right? Hello? Yeah, I'm listening. Okay.

So I've said my piece. You better do something. I don't even know what to do, sir.

All I can tell you about your case is... Listen, the onus is on you. I just read you the statute that tells you you can be charged with this prison of treason for having any knowledge of a treasonous act. This is a treasonous act.

Not having an oath of office is guaranteed a treasonous act. You do what you want. I'm not going to argue with him.

I'm not going to try to... You have to decide what to do. You took the oath. Even though it was fake, you took one.

Thank you.
