OATH Hearing Officer Hannah Elizabeth Pinto 12 18 2023

Transcribed by TurboScribe. Go Unlimited to remove this message.

Hannah Pinto is my full name, okay? Or my full... It's a valid legal name. It's not. Not according to the First Appellate Department, which you're part of.

That's all right, I'll get out the paper. You don't want to look it up. I'll get out the paper, no problem.

I'm ready. Okay. So, what is your relationship to... He's my landlord.

He's your landlord? Okay. I'm a witness. I saw the whole thing happen.

Okay. You're authorized to appear on his behalf today? Perfect. Okay, so now I'm... He's... Your landlord is waiving right to hire an attorney? What? Sorry, so your landlord... He doesn't need an attorney.

Okay. He's got me. All right.

Okay, so... And you swear or affirm that any testimony you give today will be truthful? Absolutely. Okay. And you're willing to proceed without the inspector who issued the ticket? No.

We're going to deal with that in a second. You're going to give me a second to catch up, okay? Okay. Because I have some questions here.

Sure. Okay. Which will just be easier solved when... Here it is.

This is from the... I'm sorry. This is from the appellate division. Committee on Fitness.

Name change. Upon admission to practice in New York State, attorneys are admitted under a certain name. From which the time and time they change for reasons such as marriage, divorce, or court order, in order to practice under a different name other than what you're admitted, you need approval from the appellate division from which you're admitted.

Regardless of where you currently live or practice. For filing procedures, you must follow... You must be filed in... I'm sorry. The filing procedure must be filed if you were admitted into the first department.

Submit an executed affidavit along with the provided documentation to the filing address. Okay, it's a... The address doesn't matter. For reasons of which you seek to practice under a new name and that is not covered by affidavit or writer detailing that reason, attach any relevant documentation.

Okay, so it's not... You are not... Wait one second. I'm not... One second. I'm still... I'm getting to the last sentence.

Mm-hmm. You may not practice under... Law under a name under which you were admitted until you obtain a name change approval from the appellate division. Okay, so you originally... You told me your name was... Hannah or whatever.

I mean, I'll... I'll get the copy of the statement here. Sure. And... Two things.

Okay, so I'm getting... I'm going to get to the point. It just takes a second. Okay, I received a certified... Okay, so I find that very disturbing because there's... Okay.

This is from the Orientation to the Profession Oath of Office. The text of the Oath of Office is set forth in Article 1... Set forth in Section 1, Article 13 of the New York State Constitution. It states, I do solemnly swear or affirm that I will support the Constitution of the United States and the Constitution of the State of New York and that I will faithfully discharge the duties of the Office of Attorney or Counselor of Law according to the best of my ability.

Just a couple of things here. But it's obligation, endorsed by the life of an attorney, career, or the bar. An oath of office is a solemn declaration made, accompanied by swearing to God that he or she would be bound to a providence, first and second, making the oath, inclusively invites punishment if the promise is broken.

And then an affirmation is a pledge equivalent to an oath but without the reference to a supreme being or swearing to, it is a solemn declaration and under the penalty of perjury without an oath. Last thing. The terms of that oath or affirmation require the individual to uphold and maintain the authority of the Constitutions of the State and Federal Government.

And the laws of the State and Federal Government. So now we can get to the meat of it. I have to go around a bit because... This is the folder, yes, this is the folder.

Okay, so now... Okay, so this is from Elizabeth Nolan from the Record Access Office here. Would you like a copy? I have a copy you can have. Sure.

Okay, so why don't you take that one. I have one right here for you. What? They're identical.

If you have any questions, you can take a second and read that, okay? And that's the oath that's given here at Oath. One second here, look at that second page. Right, I'm just, so... I'm not asking you, just let's stay with the program.

Look at the second page, that's the oath that they give here at Oath. Right, so my question is, for what purpose are you admitting this or would you like to submit this evidence? I'm asking you, have you taken that oath that is on the second page? Yes. You've taken that exact oath? Yes.

That's a violation of the Constitution. That's a violation of 4 U.S.C. Section 101... Okay. No, no, but this is a federal violation of law.

I gave you my full name, I'm not understanding. The oath, look at the oath there. You just determined that you had taken that oath of office.

Now, I'm going to provide you with evidence that an oath of office is a violation of federal law. You're not the only one. Everybody here at Oath is taking this stupid oath and I've been after them for two years to deal with it and you're... Okay, great.

So my job today is to address this summons for the Nerdicide Law. Well, you can't address it because you haven't taken an oath to the Constitution for your job here. Your first duty of the job is that you take an oath, right? Right.

So that's the first duty and you have failed at the first duty because you told me you took that, which is not an oath. If you call, just do me a favor, then I'll pull out the paperwork and go. Okay.

U.S. Codes. Section 101. Oath by members of... Here, you can have a copy so we don't... I don't want to deprive you.

But I'm going to read it. Oath by members of legislature and officers. Every member of a state legislature, every executive and judicial officer of a state, before he proceeds to execute any... execute the duties of his office, take an oath in the following form to which I, A.B., solemnly swear to support the Constitution of the United States.

That oath doesn't say that. Okay. This is a codified law, positive law.

I'll give you a copy of the... So right now, there is nobody at oath because this certification that you looked at on the first page gave you the oath, unless you've been hired after that point, gave you the name of every single officer in the state. In this... There's 429 attorneys. Here's the copy for you from here.

At the bottom, it says... We're in court right now. It says it's... It's positive law. Title IV is a... You can look it up, too.

Title IV is a positive law title, constituting legal evidence of law in all federal and state courts. Right now, we're in a state court. Whether it's an EC Prius court, doesn't matter.

We're in a state court. And right now, you're in violation of that right there. And the person who signed your oath off, whoever administered the oath to you, is also in violation of that federal law right now.

It's a violation of the Constitution of the state of New York because... Here's a copy that you can have. Okay, so is your argument that this should be dismissed because I'm in violation of the federal law? No, I'm telling you that the entire oath here is doing business illegally. It's a mafia.

Okay, so I'm not the person... I'm not the person who can address that claim today? Well, you

have to address this because you're right now in front of me, and you've admitted to breaking the law. I have not. I have told you what my full legal name is.

You told me that you signed that oath right there. Yes. Okay, that oath is a violation of that law right there.

Okay. That's the oath that you took to become an officer here. Okay, so I understand... It is not an oath.

It is a fiction of the imagination. Okay, all right, I understand that. I am not the person who has the power to determine that.

What I can control today is this dirty sidewalk ticket. No, no, we're going to deal with that in a second because it's the same exact issue. Because you can call up the guy over there at the... Have a copy of Section 62.

The oath that you took... Here's the new Section 62. And whoever the moron attorney is over here, the inept attorney that let you guys sign that, should be in jail because it says right here, Section 62, Comfortable to withhold upon appointment every person employed by the state in any of its civil divisions except an employee, except an employee in the labor class. Before he should be entitled to enter onto the discharge of his duties, which you are now doing, we know that they're illegal, and it's also a state law, shall take and file an oath or affirmation in the form and language prescribed by the Constitution.

That would be Article 13, Section 1 of the Constitution for the State of New York. Oath of office, no other oath or test for public office. Legislative and judicial office, which may be administered by any officer authorized to take an acknowledgement of the execution of a deed or real property, or an officer in whose office the oath is required to be filed.

Now, here's the part where you guys screwed up. In lieu of such oath administered by an officer, an employee may comply with the requirements of this section by subscribing and filing the fouling statement. I do hereby pledge and declare that I'll support the Constitution of the United States and the Constitution of the State of New York, and will faithfully discharge the duties of the position of whatever, according to the best of my ability.

Then if you go back to the Constitution, it explicitly, it states that there are no other declarations. Immediately proceeding, now if you have a copy of this, let me get you a copy of the Constitution, because I'm a constitutionalist, okay? We're right now, we're dealing with constitutional law. Here's a copy for you.

So wait a second, I'm gonna get to the point. No other oath or declaration or test should be required as a qualification for any office of public trust. So right now they're telling you that your declaration is a violation, it's a violation of that law, it's a violation of this law.

It's a violation of section 10, section 10, public officers. Official oaths. Well, you didn't take the official oath, so that's right there, that's the violation.

Every officer will take and file an oath of office required by law. The oath of office required by law is the constitutional oath, and any other oath is fraud, is evidence of fraud, okay? Okay. And you're an attorney.

Is there anything you'd like to say with respect to the dirty sidewalk summons? I'm getting there. They don't have it either. I have evidence, direct evidence, of them taking the oath of office.

Go to your Twitter account right now. Can we address the summons, please? You can't address it because he doesn't have an oath of office. I put in several, I put in a summons.

I put in a FOIL request with the DSNY. I put in a FOIL request with oath, and I put in a summons request. I mean, I'm sorry, not a summons.

A subpoena request for his oath of office or proof of identity. He claims he's S. D'Armitino or whatever. Right.

Okay, that's not his name. So that right there, that's a false statement. He's making a false statement.

Okay. And I want proof of his name and I want him charged with, that's two crimes. Right there, I'm a witness, and I have a sworn statement here under the penalty of perjury.

I'm sorry, unsworn statement under the penalty of perjury. Under Title 28, Section 1746, unsworn declarations under the penalty of perjury. I witnessed the entire event, and I'm going to give you a copy of it.

Okay, so now, he has to be charged with a crime. Here it is. Here's the... Okay.

It's signed. It's got my seal. It says it's made in accordance with 28, Code Section 1746, unsworn declarations, penalty of perjury.

Okay. So you have that right here. Okay.

Okay, here's another one saying that I won't accept anything except for valid proof, and I'll give you a chance to read that. Okay. Okay.

So... So he lied. He lied twice. He lied about the ticket, which I have the videotape of it right here.

Okay, so you testified that you're stating in here that you swept the entire area looking for garbage, and it looks clean. With a camera. I have the videotape of all the incidents before, during, and after.

He claims he came... If you look at the ticket, why don't you look at the ticket for a second? Well, I also see... So you're stating here that he never attempted to enter the premises or knock on the door. He never touched the building. He says here he came back two hours later.

Look at the time. The ticket's at 6.05. Then he claims he came back at 8.01. It's retarded. It's absolutely impossible.

It didn't happen. He's lying. Okay.

So that's two lies. He lied in the first instance when he gave the ticket, and I have the videotape here. Okay, can I see the videotape? I can show you the tape.

Yeah. Okay. So he's lying his ass off, and you're not authorized to do anything right now, so I don't even know what to do.

You've got to pull somebody... There's nobody at OSOT that has this. So right now, we agree that you have to uphold the Constitution and the state and federal laws. That's from the Second Appellate Division.

It's the well-published doctrine. You can look it up under Orientation to the Profession, which describes the oath of office. Okay, you're duty under these other laws.

So right now, you need to take this up the hill. You have to take this to a judge. It's not in front of an administrative judge because you're, just so we're clear here, your idiot boss has taken this oath, which we now know is a violation of federal law.

It's a violation... Okay, so what? It's a violation of federal... So he can't do anything either. So right now, the whole entire operation here is operating as a criminal enterprise. And they know it because I've called his office.

I've dealt with his two... I've dealt with his... He has two different assistants working there. I have recorded calls from that. I've sent him emails to his personal email account, which I have a copy of on here.

Now, the email account I sent it to was the email account that he lists. Okay, so... So it seems like there's two separate... It seems like there's two separate issues. So the only one issue is that this oath is operating as a criminal enterprise.

Okay. That's the issue. So the other issue... And you're trying to enforce tickets from another organization that is operating as a criminal enterprise because if you go... Let's go to YouTube for a second and just type in DSNY Oaths because they just took one two months ago.

It's all there. It's the same exact oath. Okay.

So nobody at DSNY, and I have it from 2012 on, nobody has taken the right oath of office. Okay. Okay, this is every municipal corporation that's created under the charter of the city of New York.

Listen, you need to do this. This is important. I'll do it after the hearing.

No, I need you to do this now so we can both confirm the facts here because... I'll look at it after the hearing. No, this is very simple. I'm not asking... Listen, I'm not mad at you.

It's the entire system that is usurping the Constitution, and you're one of them, and you're a lawyer. So you deem to know the law, and you can't claim ignorance of the law because you deem to know it. So I need to address the summons for the dirty sidewalk.

You can't address it. You don't have... Okay, so I understand you have... You know, I understand that, you know, you believe this is an unconstitutional operation. My job is still to address what is going on in these summons, right? So I'm going to understand that you are... If you proceed forward like that, I'm going to have to arrest you, citizens arrest, because you don't have the ability... So you need to call someone in here that can take care of this, because you can't.

You've already admitted to me you don't have an oath of office, a proper, a duly... It's your understanding that the oath of office is not proper. Well, is there anything wrong with that paper? You told me... Look at you. Listen, you read the oath there.

I read it out loud to you. Sorry, 4 U.S.C., Section 101. I read it out loud verbatim.

Okay, and it says your oath has to say I, A, B, do solemnly swear. That's what it says. It's a federal law.

So right now, we know that you're... We both know. There's no unknowing. You know, and I know, that you're in violation of federal law.

And you can look it up. It's codified. It's a positive law.

And you can just type in U.S. Code House, and you'll find that. So you can tell. Listen, I know my shit, right? Okay.

This is above my pay grade, you know, whether or not oath is operating as a criminal enterprise. I'm not here to determine that. My job is to determine the dirty sidewalk ticket.

You can't look at the termination because... Okay, but how about my job is to collect information about it? I gave you the information. I gave you that. So is there anything else? I understand you're challenging service.

You're saying this guy did not properly serve you. Well, I'm going to show you the video tape in a second. Is there anything else you'd like to say about this summons? Absolutely.

Give me a second. Okay. Okay.

There's Eric Adams giving your boss another oath, which is available on YouTube right now. Okay. So that oath is... Wait a second.

It's an entirely different oath. It says... And it's another violation of that. So your boss didn't violate it once.

He violated it three times. He violated his attorney oath when he took this oath. And he took this oath in violation of... That is from Section 62.

There's no doubt about it. Okay? I, as... As Asim Rehman. Rehamble, whatever.

Do you... I solemnly swear that I will support the Constitution of the United States and the Constitution of the State of New York and the Charter of the City of New York and I will faithfully discharge the duties of Chief Administrative Law Enforcement Officer and Chief Administrative Law Judge of the Office of Administrative Trials and Hearings according to the best of my ability. Well, he failed. Now, the oath that you see right there is... If you look... If you go... If you just type in... This is so big.

I want to show you the scope. To give you some imagination of the scope of this. If you just type in Office of City Clerk, Oath of Office, you'll see that the Oath of Office listed on their site is fictitious.

And repugnant to the Constitution and void of initiative for anyone to take it. And there are 330,000 employees of the city government of the City of New York. So, you read the oath... You see the oath that's... If you go... You're not on the right page for sure.

Office of City Clerk... Office of City Clerk for... So, just do a Google search. Office of City Clerk, Oath of Office. Or do 311, Oath of Office.

They are both... They are both publicized and I've talked... I've talked to their... To their general counsel and I told them this. I have a recording conversation of it. So, I'm not the person you should be telling this to.

This is above... Can you get a supervisor in here? This is above my pay grade. So, let's get a supervisor in here. While I'm looking up the video tape, I'm going to give you the evidence.

No problem. Okay. Let's find your Twitter account.

What I'm interested in is the evidence related to the Dirty Sidewalks ticket. Yeah, I'm sure you're interested, but I... Listen, I don't think you can do anything because you haven't taken an oath to the Constitution. Sure.

All right. It's fundamental. It's the first law in the... It's the supreme law of the state.

All right. I'm going to get my supervisor. Yes, please.

And I'm not trying to give you a hard time. Be realistic. Okay.

So, my supervisor is unavailable right now. chief clerk from oath who I... You can see I've submitted evidence there directly. Just like we're talking about right here.

Take a look at that, please. And you can't keep that, but you can look it up on your system because it's supposed to be there, but it's MIA. Okay.

But you can tell us from your system. I made a copy. I have also... I want to... I want to question the fictitious person S.D. Martino.

The father summons against my landlord in person in a hearing scheduled for April 24th at 9 Bond Street. And I'm requesting the answer by attorney Christopher Morella. If you call Christopher Morella, which he's supposed to be available on the phone right now.

He knows about this. He's been... He's known about this for about six months and he hasn't done anything to correct the problem. I filed this on April 15th.

Okay. And that was a request for summons I believe. Okay.

So, I'm requesting that... And I wanted to testify under the penalty of perjury so you can penalize... You can commit another crime and now right here we're going to show you that this is the current Commissioner Tish. De facto Commissioner. Okay.

So, look. I do not... We're dealing with DSM-1. I don't want to be... I do not have the power to decide a lot of these arguments.

Most of them you would need to go to court like Supreme Court of the State of New York. One second. Okay.

That person is the wrong person to administer the oath under Section 10. It must be done by the Presiding Officer. Okay.

And so that's... Okay. That's a violation of Title 4 of Section 101. Right.

And I do not have the power to hear those arguments. Those arguments would need to be made in a different court of law. Hold on a second now.

Your oath of office as an attorney and counselor of law requires you to hear these arguments because the authority of the Constitution is at stake and you've taken an oath to support it. And the state and federal laws have also been usurped. So your oath of office is your jurisdiction.

And you can't deny that because I know it is. Otherwise, there's no point... I'm a veteran. I've taken the oath and my oath is sworn to defend against all enemies.

Okay. So, what... Okay, so... What I'd like to do is listen to arguments related to the dirty sidewalk ticket, constitutional arguments, arguments about the validity of... Just can I finish? Arguments about the validity of the oath of office, arguments about the jurisdiction of the oath. I don't want to... I can't hear today.

I would suggest if you have these concerns, you take them to the Supreme Court of the State of New York. Not here. What I would like... You need to take it because you're an attorney and counselor of law and you're aware... You've been given direct and positive evidence that the law has been broken and the Constitution has been violated several times by your boss and all the employees that are attorneys here at oath... Okay.

I believe it's all the employees, not just the... I'll take that into consideration. I understand it. No, I'm not done yet.

But today, the only other arguments I want to hear about are related to the dirty sidewalk ticket. Well, I'm getting there. Okay, so let's get there.

So now we have... Okay, you have the... You see that bent page there? Can you look... No, no. The one from... Look, if it's related to a constitutional argument or the validity of the oath, I'm not hearing it. Listen for a second.

Let's go to the first page right there. No, no. The one that's bent, the one behind that.

All those. Behind those. This one? Okay, go to the first page again for a second where it says she's certified.

You see the date on that? It says... June something, right? Right. Okay, could you go back and you could... What's the date on it? I'm sorry, I have an idea about it. June 17th.

How is this related to the dirty sidewalk ticket? We're going to get there. Give me a second. Now look at the... Go look at her oath of office.

Okay. I don't want to hear any arguments related to the validity of an argument. You're not giving me a chance to make my argument.

Okay. Look at the next... Look at her oath of office. Not that oath of office.

Her signed oath of office that is there. Okay, it's the first page, right? Okay, what date is that signed on? June 17th. And what was the date that she sent me the first page where it says certified is in April, right? Or... April 7th.

Okay, so she certified an oath before she took her constitutional oath of office. Okay, and how is that related to the dirty sidewalk ticket? Because I've requested... I've made requests from the clerk's office and that person's working in the clerk's office. That woman that runs the clerk's office, the deputy chief of the clerk, the highest... She's the clerk.

She's the lawyer clerk. Okay? The deputy chief of the oath here that does that job, Maria something. Okay, you have a copy of what I sent to her? Okay, now that person has these people working for her who would lie.

That's an out and out lie. They know that they didn't take the... This is... Can you not see that that is a serious criminal offense? Okay, so... She signed... She signed it saying he's certifying a bunch of documents for me which I'm relying on to be true and correct before she's taken an oath of office. Or she lied about the oath of office and signed it after the fact.

Okay, so... Because nobody in her office made her sign an oath of office. I want to know, but I want to know about the dirty sidewalk ticket. So... Do you deny the... I'm giving you that.

That's not... Is that I cannot deal with all this junk because they've removed files from your directory which I have... I have not only... I have a copy like this. I have a videotape. Every time I put in a request, I videotape it.

At the end of the request, it says your submission has been successfully... Okay. It says right there just like it does here. So is there anything... The filing was dated and it was submitted on and it says that and then I get another email in a day or two that says we have accepted your submission and I have... And those are disappearing from your department because it's a criminal enterprise and it's operating as a criminal enterprise.

And here you have awareness of the... You see, that's a crime and the other girl that's... The other girl is Liza. Here's Liza Rivera. Rivera... I'm not sure how to pronounce it but I'm going to give you hers and all... Okay.

So let me get hers because I'm going to leave that with you too because this person lied several times under oath under the penalty of perjury and if you know about... I'm not sure if you're aware of New York State Penal Code Section 175.35... I believe... 135 point... Let me find out if it's here. Okay. It's a very serious offense.

It's a felony. I used to work in criminal law. What? I used to work in criminal law.

I understand it. You don't want to talk about 175.35. It's a fraud. What? The fraud charges.

Okay. Well, that's... That's... Obviously they intended to fraud me because they did defraud me. Okay.

Okay, so... Is there anything you'd like to tell me about your cleaning habits? The last thing we're

going to go through is that I've shown you that the Department of Sanitation is operating under the same fictitious oath. So that officer can't even write the ticket because he doesn't have an oath of office. He's fictitious.

His name is fictitious. He's... You have a fictitious entity who signed this under the penalty of perjury. And if that's his real name, I'm more than happy to say I'm sorry because I asked for proof and I have... I have the submission saying I'm asking for a proof of his identity because I don't believe it's real.

And this is standard operating procedure for DSNY. Okay.

The Oath of Office for Asim Rehman I David Patrick Gartland received from the clerks office at OATH through the OpenRecords portal FOIL request number 2022-820-00590. Is evidence of FRAUD. You, Asim Rehman have taken and subscribed to an oath of office that is in willful violation of 4 U.S. Code Chapter 4 - THE STATES / 4 U.S. Code § 101 - Oath by members of legislatures and officers / Every member of a State legislature, and every executive and judicial officer of a State, shall, before he proceeds to execute the duties of his office, take an oath in the following form, to wit: "I, A B, do solemnly swear that I will support the Constitution of the United States." https://www.law.cornell.edu/uscode/text/4/101 and that same fugazi fringed oath of office is repugnant to the constitution of the State of New York Article XIII Section 1. and is not made in accordance with Section 62 Constitutional oath upon appointment, Civil Service (CVS) CHAPTER 7, ARTICLE 4, TITLE B nor is there any evidene it was ever filled with the City Clerk not that, that would have save you or any of your commie cohorts to include but not limited to the defacto Mayor of the City of New York, The defacto Clerk of the City, Clerk of the Council Michael Matthew McSweeney and his commie cohort and General Council defacto, Patrick Louis Synmoie an intelectual idiot from Harvard Law School on a scale that's hard to precieve.

This applies to the other 429 halfwit, halfassed, and treansous attorneys employed at OATH who's names appear on list the of employees with attorney related titles certified by Elizabeth Nolan on April 7 2022 FOIL 2020-820-00205

I, David Patrick Gartland do hereby pledge and declare all of the above named individuals to include all 429 attorneys listed but not named in the document certified by Elizabeth Nolan Records access officer on April 7th, are in willful violation of section 30 Creation of vacancies Public Officers (PBO) CHAPTER 47, ARTICLE 3

To: Zeas, Nelly (OATH) NZeas@oath.nyc.gov

Hello Nelly Zeas

Please look at that attachment it you my fined them helpful in deciphering. I Linked everything you're looking at to make my statements easy to verify

The only oath of office mandated and approved by the people of the state of New York (is shown and linked below). All others are evidence of FRAUD

The Constitution of the State of New York Article XIII - Public Officers Section 1 - **[Oath of office; no other test for public office]** https://law.justia.com/constitution/new-york/article-xiii/section-1/

SECTION 62 Constitutional oath upon appointment Civil Service (CVS) CHAPTER 7, ARTICLE 4, TITLE B https://www.nysenate.gov/legislation/laws/CVS/62

Some how some inept attorney at OATH misconstrued the interpretation of "SECTION 62 Constitutional oath upon appointment Civil Service (CVS) CHAPTER 7, ARTICLE 4, TITLE B". OATH cites it as Section 62 of the civil service law. The citing I use is far more telling. The same misconstrued interpretation of SECTION 62 Constitutional oath upon appointment effects almost every single employee of the municipal corporations of the city of New York. (hereinafter Section62) Section62 is written poorly it contains and both oath of office requirements and the requirements for

office requirements and the requirements for the statement

The oath of office requirements are for all Public Officers and Public Employees " they shall take and file an oath or affirmation in the form and language prescribed by the constitution for executive, legislative and judicial officers" this includes both Public Officers and Public Employees (i.e. Civil servants like yourself Nelly) employed at OATH except employees in the labor class (i.e. security guards...)

That statement above can easily be verified by watching a very boring video made by the Department of State, titled Local Government Public Officers
https://video.dos.ny.gov/lg/onlinetraining/local_government_public_officers_courseoutline/presentation_html5.html
Or by downloading a PDF script of the slideshow
https://dos.ny.gov/system/files/documents/2021/12/local-government-public-officers.pdf
this should be mandatory for new employees at OATH

Section62 states "In the form and language prescribed by the constitution" simply means according to Article XIII Section 1 of the Constitution of the state of New York. This is the exact form of that oath of office "I do solemnly swear (or affirm) that I will support the constitution of the United States, and the constitution of the State of New York, and that I will faithfully discharge the duties of the office of ....., according to the best of my

ability;" As for the language you could ask every attorney at employed at OATH and I'll bet not one will be able to give the correct answer not one. the correct answer is "*The interpretation of the Constitution of the United States is necessarily influenced by the fact that its provisions are framed in the language of the English common law, and are to be read in the light of its history.*" (see the attachment Principles of interpretation page 63 it's an from 1938 annotation by the Supreme Court 74 Congress 2nd session senate document No 232) the requirements for the oath of office where first introduced in NYS 2nd 1821 Constitution just 32 the start of our Constitutional Republic under the federal Constitution on March 4, after 1789 https://history.nycourts.gov/wp-content/uploads/2018/11/Publications_1821-NY-Constitution.pdf and have remained almost the same ever since although the People's intent has remained the same from 1821 to present.

Futhermore Section62 contains a oath and a statement in this paragraph I am addressing the statement by isolating it's contents and creating a new paragraph of them .
"except an employee in the labor class In lieu of such oath administered by an officer, an employee may comply with the requirements of this section by subscribing and filing the following STATEMENT: "I do hereby pledge and declare that I will support the constitution of the United States, and the constitution of the state of New York, and that I will faithfully discharge the duties of the position of ....., according to the best

of my ability. “ Proceed by “ Such oath or statement shall be required...

The above aforementioned STATEMENT was never meant for oral administration "an employee may comply with the requirements of this section by SUBSCRIBING and filing the following statement” that statement must be filed with the City Clerk

This means every single attorney employed at OATH violated the terms and conditions of his attorneys oath when they signed that statement fictitiously labeled OATH OF OFFICE because of the following three statements contained in Article XIII section 1 (now isolated and simplified)

[Oath of office; no other test for public office] take and subscribe the following oath or affirmation (proceed by the oath and followed by) and no other oath, declaration or test shall be required as a qualification for any office of public trust

Section62 statement (I do hereby pledge and declare) is of it self a declaratory statement that is actually a declaration that shall NOT be required as a qualification for any office of public trust. Therefore that statement is VOID ab initio and OATH attorneys and judges are committing acts of fraud by holding hearing and trials and making judgements and violating federal law Title 4 US code section 101 & 102 (address in more detail below)

The following information is from the New

York State Supreme Court, Second Judicial Department / ORIENTATION TO THE PROFESSION / program materials https://nysba.org/NYSBA/Coursebooks/Spring%202017%20CLE%20Coursebooks/Basic%20Lessons%20on%20Ethics%20and%20Civility%202017/2c%20Orientation%20to%20the%20Profession%20Materials.pdf "The administration of the oath takes less than one minute, but its obligations endure for the life of the attorney's career at the bar." — "The terms of that oath or affirmation require the individual to uphold and maintain the authority of the constitutions and laws of the federal and state governments. And that's a huge problem that now engulfs OATH's attorneys — They must come clean to the public and the courts without delay OATH can NOT continue to operate under a vail of FRAUD. For me its the irony of their acronym OATH designed to be above reproach. I check every single name of the 429 name with attorney online services for verification this took days https://iapps.courts.state.ny.us/attorneyservices/search?0

Of the 429 employees with an attorney related tile at total of 285 had taken the fictitious OATH of office using falsus (Black's Law Dictionary Revised 4th ed. —Page 727) and fictitious name(s) (Black's Law Dictionary Revised 4th ed. —Page 751) with other than they were admitted to practice under in violation of rules of the Supreme Court of the state of New York First Judicial Department / Committee a Character and Fitness / Name Change https://www.nycourts.gov/courts/AD1/Committees&Programs/CFC/index.shtml#NameChange

Upon admission to practice law in New York State, **attorneys are admitted under a certain name**, which, from time to time they change for reasons such as marriage, divorce or by court order. In order to practice under a name different from the name under which you were admitted, you need approval from the Appellate Division Department **in which you were admitted,** regardless of where you currently live or practice. **You may NOT practice law under a name other than which you were admitted until you obtain a name change approval from the Appellate Division.**

Lastly Section62 requires "The oath or statement of every state employee shall be filed in the office of the secretary of state, of every employee of a municipal corporation with the clerk thereof" that would be the office of the City Clerk but according to the certified letter I received from Elizabeth Nolan she states "I hereby certify that the accompanying record is a true, accurate and correct copy of the original records made, kept, and maintained within the custody of this office." meaning at OATH is in willful violation of Section62 and Section 10 Oath of office " The oath of office of every state officer shall be filed in the office of the secretary of state; of every officer of a municipal corporation, including a school district, with the clerk thereof;." again the Office of the City Clerk. I have attempted to contact Deputy Commissioner/Chief Clerk - Maria Marchiano (who's job as an attorney requires her to know these things) twice by phone and once through the OATH online

portal. I was able to speak with assistant Melanie who informed me she wasn't required to have and oath of file

All of oaths of office I have received from OATH contain the following statement: (In accordance with Section 62 of the New York State Civil Service Law, this form must be filed with the City Clerk. A filing fee is required.) I interpret that to mean that since there is no indication that they were ever file with the City Clerk that are not made in accordance with Section 62 of the New York State Civil Service Law but are in direct violation of it and Section 10 oath of office and therefore they are evidence of intentional FRAUD designed to deceive.

And that makes Section 30 applicable to all of OATH employee who's oath of office are on file with Elizabeth Nolan in the record access office.

PRINCIPLES OF INTERPRETATION 63

mold and model the exercise of its powers, as its own wisdom, and the public interests, should require." [1]

[1] Martin v. Hunter, 1 Wheat. 304, 326 [1816].

Primary Consideration—Meaning of Words Used.

Primarily, constitutional interpretation is a question of ascertaining the meaning of the words used. No word or clause can be rejected as superfluous or meaningless, but each must be given its due force and appropriate meaning.[1]

[1] Knowlton v. Moore, 178 U. S. 41, 87 [1900].

The Constitution must receive a practical construction.[1] Words are to be taken in their natural and obvious sense, and not in a sense unreasonably restricted or enlarged.[2] "As men, whose intentions require no concealment, generally employ the words which most directly and aptly express the ideas they intend to convey, the enlightened patriots who framed our Constitution, and the people who adopted it, must be understood to have employed words in their natural sense, and to have intended what they have said." [3]

[2] Pollock v. Farmers Loan & Trust Co., 158 U. S. 618 [1895].
[3] Gibbons v. Ogden, 9 Wheat. 1, 188 [1824].

Unless there are strong reasons for a contrary interpretation, terms in the Constitution, as in statutes generally, are to be given the meaning they have in common use.[1] But, in view of possible change in usage, and between the literal and the actual construction, that meaning should be given which obtained at common law and at the time the Constitution and its several amendments were adopted.[2]

[1] Tennessee v. Whitworth, 117 U. S. 139 [1886]; United States v. Sprague, 282 U. S. 716, 731 [1931].
[2] Smith Bank v. Peters, 8 Wall. 642 [1869].

"The interpretation of the Constitution of the United States is necessarily influenced by the fact that its provisions are framed in the language of the English common law, and are to be read in the light of its history." [1] Resort to the doctrine and principles of the common law is constantly had.[2] For example, the term *ex post facto*, which, literally construed, would apply to any act operating upon a previous fact, has always been understood as embracing only criminal laws and laws providing for the recovery of penalties or forfeitures.[3]
